Johnson College is a private, two-year college, offering 13 degree programs of study and 2 certificate programs. The College focuses on providing students with the technical skills and general education needed to succeed in a demanding, industry-driven world. Johnson College delivers industry focused learning in a caring environment designed to develop graduates prepared to enter into and advance in their careers.

All funds raised from the Scranton Mini Maker Faire benefit Johnson College's *Innovation & Opportunity Fund*, which will fund employee and/or student initiatives that support technology, innovation, and advancement at Johnson College.
